

Low Pro Sump & Sewage Basins

Our **Low Pro Sump and Sewage Basins** are the perfect fit for those challenging areas that are difficult to fit a traditional shaped basin into. The unique design of this product allows it to slide underneath areas where a sump or sewage basin is needed, with a low profile fit.

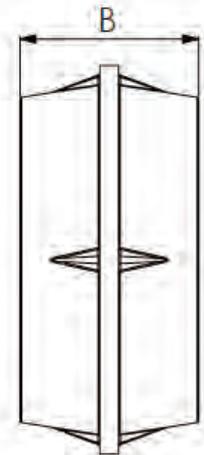

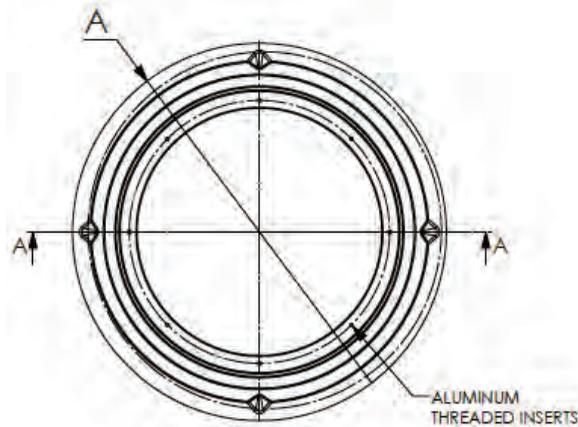

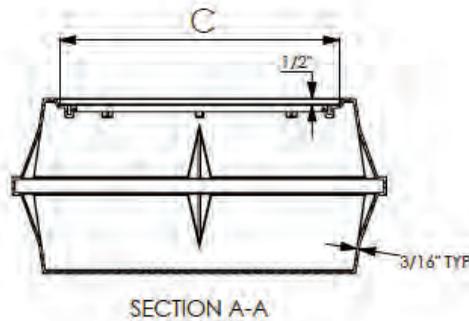

Part Number: LOPRO24

Features Include:

- Rotationally molded with high quality polyethylene material
- Unique, low profile shape
- Durable, lightweight and holds extensive volume of liquid
- Easily shipped via UPS or common carrier

Sizes Available: 24" , 30" , 36" , 42" & 48"
